

# PALLET BANDS

## Fast & Economical Way to Secure Pallet Loads

### FEATURES & BENEFITS:

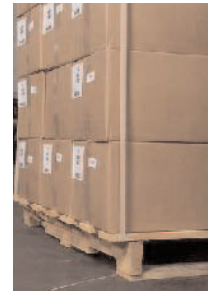

- Provides stability to your pallet loads.
- Reusable, lowering your material costs.
- Easy on, easy off application reduces labor costs. Only requires one person to apply band with no need for equipment or tools.
- Won't damage product being banded.
- Banding allows air movement, especially critical if storing pallet loads in coolers, chillers or freezers.
- Won't trap moisture in that could damage product.

### APPLICATIONS:

Ideal uses include:

- Securing pallet loads in manufacturing and distribution facilities.
  - Securing tote and container liners.
- Securing protective coverings used by moving companies during moving operations.

Model	Circumference	Width	Case Quantity
PB567507	56"	.75"	200
PB757507	72"	.75"	200
PB721507	72"	1.5"	100
PB927507	92"	.75"	200
PB921507	92"	1.5"	100

Recommended Size Chart	
Pallet Measurements	Pallet Band Circumference
24" x 32"	56"
32" x 40", 36" x 36"	72"
36" x 42", 36" x 48"	84"
40" x 48", 48" x 48"	92"
48" x 60"	112"
48" x 72"	128"
