

XDS-2000

Extra Dock Safety

DOOR & DOCK GUARD

- The raised guard is designed to prevent forklift roll-off when the overhead door is open and no truck is present and to protect overhead doors and tracks from regular impact damage
- Hydraulically activated, high tensile checker plate safety barrier, towering over 7" (178 mm) above the deck
- Stops up to 10,000 lb (4,545 kg) rolling loads at 4 mph (6.4 kmh)

XDS-2000 Safety Features

- Control station with large maintained emergency stop button for added safety
- Key operated guard override with light warning signal for ground-level hand bombing applications
- Safety maintenance strut on dock leveler
- Full operating range toe guards with safety striping on dock leveler for maximum operator safety
- Hydraulic (velocity fuse) fall-safe system to prevent platform free-fall
- UL/CSA approved motor and electrical components
- Dual purpose lip keepers for both cross traffic support and automatic night locks to prevent building access through the leveler
- Bumpers to protect the building wall

XDS-2000

Extra Dock Safety

Dock Leveler

- Available in 30,000 lb (13,636 kg) to 80,000 lb (36,364 kg) capacities
- Heavy-duty I-beam deck construction and exclusive 4" (102 mm) maintained deck tilt prolongs deck life and prevents forklift damage
- Fully hydraulic operation with 1 HP self-contained TEFC maintenance-free power pack (not illustrated), designed to provide years of trouble-free use (available in standard single and three phase voltages)
- Auto return to cross traffic position from above and below level
- 16" (406 mm) long lip (lip is tapered on 7' (2,134 mm) wide models)
- Pivot points fitted with pre-lubricated bushings
- Terminal block provision for overhead door interlock
- Two laminated 4.5" x 14" x 10" (114 mm x 356 mm x 254 mm) bumpers

Control Station

- Fully gasketed NEMA12 (oil, dust and water resistant) enclosure with manual and auto selector switch
- Door & Dock Guard supervisor key override with communication light for unique application requirements
- Independent push buttons with fully hydraulic operation for deck and lip
- Dock leveler emergency stop and reset buttons
- Easy to follow instructional graphics
