Plastic Corrugated Gaylords

These plastic corrugated gaylord bulk totes are a **durable, longer lasting, waterproof replacement** for corrugated fiberboard bulk totes like the HPT-41 style totes.

- Made from FDA Approved reusable white plastic.
- Waterproof and weather resistant.
- Tough, durable and long lasting.
- Easy to write on surface.
- Custom printing and colors available.

Available in many standard sizes including 40"x48"x41" & 40"x48"x21"

Standard RSC Style or Tray Style Lid & Base

Plastic Corrugated Wetlocks

These plastic corrugated wetlocks are made to replace normal wax coated fiberboard corrugated totes. Priced similar to waxed wetlocks, however they are a **tougher, reusable option** to package your seafood product.

Available in all common sizes of standard wetlocks including 25, 50, 80, 100 and 125 lb.

Custom Sizes also available

- Made from FDA Approved reusable white plastic.
- Tough, durable and long lasting.
- Leakproof.
- NO WAX.
- Easy to write on surface.
- Custom printing and colors available.
