What the **STARRCO** Advantage Means to You

Starrco will provide a custom designed solution that is pre-engineered and manufactured to precisely fit your application. And while it fits your application today, Starrco's modular office systems are designed with the flexibility to be easily reconfigured and relocated to meet your future needs. Starrco will deliver materials that are all pre-cut, mitered and completely finished so that your project will be installed in a fraction of the time of conventional construction, with no mess, dust or debris.

The Starrco Advantage means that you receive the piece of mind that your project will be completed on time and on budget. When you select Starrco modular office systems, you get the advantages of an integrated team of professionals committed to delivering quality, innovation and value.

Company Profile

STARRCO has been providing modular office solutions since 1965. Our success and growth is built on our steadfast commitment to quality, innovation and our unparalleled customer service.

We offer a wide variety of systems from a single user office to a two-story multiple office complex. Our modular office systems are manufactured to precisely fit your application and install in a fraction of the time of conventional construction. Materials come completely finished and require no sanding or painting. We offer a wide variety of materials, finishes and colors that allow our customers the freedom to design systems that meet their specific needs.

In addition to Pre-engineered Modular Office Systems, Starrco manufactures Cleanroom Wall Systems, Floor to Ceiling Interior Wall Partitions, StarrGuard Safety Rail and Pre-assembled Portable Buildings. With our network of factory-trained distributors, supported by our St. Louis staff, we complete projects on time and on budget.

Customer References

Single Story Offices

"Starrco manufactures quality Modular Office Systems that are more cost effective than conventional construction. The offices are designed to specifically meet our needs and are fast and easy to install."

*Rod Lively
Marathon Ashland Petroleum LLC—Detroit, MI
(313) 300-2471*

"We have nothing but great things to say about Starrco. Good service, quick quotes and very competitive pricing."

*Andre Berry
Empire Home Services LLC.-Syosset, NY
(516) 682-4700*

Starrco Modular Offices Systems install quickly and the price is right. I am 100% satisfied."

*Terry Smith
Fort Recovery Industries Inc. - Fort Recovery, OH
(419) 375-4121*

Two-Story Offices

"I am totally satisfied with my Starrco Modular Building. From initial design through project completion, Starrco was extremely thorough and coordinated well with the installer and myself. I was amazed at how fast the building went up."

*Dave Petterle
Axle Alliance - Rockford, MI
(313) 592-5823*

Customer References

Equipment Enclosures

"We are extremely satisfied with our Starrco Office System. Sales and engineering were very helpful in addressing our specific needs as a food processing company. We were able to get the building approved by the USDA."

*Kirby Hamilton
Arc-Diversified - Cookeville, TN*

"I chose Starrco because of their competitive price and product flexibility"

*Jim Ridley
Bradley Marketing Group - Hauppauge, NY
(631) 231-9200*

"Starrco integrated our separate buildings into one seamless unit. They detailed the project on the front end and took care of all loose ends. Starrco does a great job."

*Mike Wolfe
Plaskolite - Zanesville, OH*

Cleanrooms

"Starrco's wall system went together very well and was a perfect fit for our cleanroom. I was very happy with the result."

*Gary Ackerman
EBI - Parsippany, NJ
(973) 299-9300*

Portable Buildings

Starrco manufactures quality Portable Buildings. They deliver on what they promise."

*Kevin Clinton
Grey Eagle Distributors—Maryland Hts., MO
(314) 429-9123*

Contractor/Installer References

"Starrco Modular Office Systems are user friendly and install in a fraction of the time of conventional construction. I have also installed competitor's products but have found Starrco offices to be easier, faster and less expensive to install. Starrco definitely bends over backwards to make everyone happy."

*Ed Schmidt
E.W. Schmidt Construction Co. - St. Louis, MO
(314) 277-3674*

"We prefer to install Starrco products because their quality is second to none. They provide the most detailed CAD drawings in the industry and their components are precisely cut for an exact, easy fit. Also, Starrco's buildings are truly modular in that they can be easily expanded, reconfigured or relocated. We give Starrco two thumbs up."

*Kyle K. Swanson
Swanson Assembly - Sanger, TX
(940) 482-6760*

"Starrco buildings ship on time and install faster and easier than the competition. As an independent contractor, I have installed most of the modular office lines in the industry and found none that compare to the quality and ease of installation of Starrco's products."

*Greg Sevilla
Sevilla Construction - Minneapolis, MN
(952) 461-2117*

"Starrco offices are a winning combination of innovation, rapid installation and excellent fit and finish. Customer satisfaction has been easy to achieve with these products."

*David Blumenstock
Blumenstock Construction Inc. - Marion, IL
(618) 964-9494*

Dealer References

"From top to bottom, Starrco is one of the best run suppliers we deal with. We use them as a model to evaluate other potential suppliers. Their customer service, detailed design and quality products are second to none. Starrco and their products are top of the line."

*Keith Heustis
Scholtz Equipment - Louisville, KY
(502) 366-5600*

"Starrco's inside sales team is second to none. We are extremely pleased with the accurate and timely response to our requests. Their products are first rate and we are proud to offer it to our customers."

*John F. Maybury
Maybury Material Handling - East Longmeadow, MA
(413) 525-4216*

"Starrco has proven to be an excellent source of pre-engineered modular offices, cleanrooms and enclosures. Their quality materials, pre-cut components and detailed labeling system have made installation a breeze. As far as I am concerned, Starrco is the leader in the industry."

*Raymond C. Leo
Indoff, Inc. - Auburn, MA
(508) 721-9529*

"Starrco delivers great customer service and products that are fast and easy to install. We have a great relationship with Starrco."

*Steve Duffield
DACO - Kent, WA
(425) 656-4503*

Dealer References

"Starrco offers great CAD drawings and competitive pricing. It is easy to distinguish Starrco's quality products from the competition."

*Eric Peterson
Materials Handling Sales Inc. - Yarmouth, ME
(207) 846-1054*

"Aloi Material Handling has experienced a rapid growth in modular office sales through our association with Starrco. Their strong field support, knowledgeable inside sales staff and high quality products are the best in the industry."

*Scott Ras
Aloi Material Handling - Rochester, NY
(716) 292-0920*

"Starrco is the only pre-engineered modular office line we carry and the only one we need. Starrco dealer support and their quality products are second to none. In fact, we rate Starrco as a top 2-3 supplier out of more than 80 we work with."

*Dave Kenealy
DAK Equipment & Engineering - Elmhurst, IL
(630) 516-1115*

"Starrco delivers quality products at a great price, with excellent customer service."

*Bill Bell
Associates Material Handling - Denver CO
(303) 777-7117*

"Starrco makes the best modular office systems on the market. They have great customer service and knowledgeable territory managers. We looked at the competition and decided that Starrco was the only modular office line that we would carry."

*Rick Andrews
Equipment For Industry - Cleveland OH
(216) 721-7400*

The Starrco Advantage means:

- Each project begins with a careful needs assessment. The office is then designed and engineered to precisely fit your application;
- Tax advantages and significant cost savings over conventional construction;
- The flexibility to easily and conveniently expand, reconfigure or relocate your Starrco modular office when your needs change;
- Raceways are built in to allow quick installation of electrical, telephone and computer wiring;
- Aluminum track and posts are more durable and will not rust or corrode;
- Detailed CAD drawings along with individually labeled components make your installation fast, easy and completed in a fraction of the time of conventional construction;
- All materials are pre-cut, mitered and completely finished;
- Installation is completed quickly with minimal mess, dust and disruption to your operation.

When you choose the Starrco Advantage, you'll get a custom designed modular office system that is pre-engineered and manufactured specifically for your needs.
