

SP-1L

SEMI-AUTOMATIC STRAPPING MACHINE

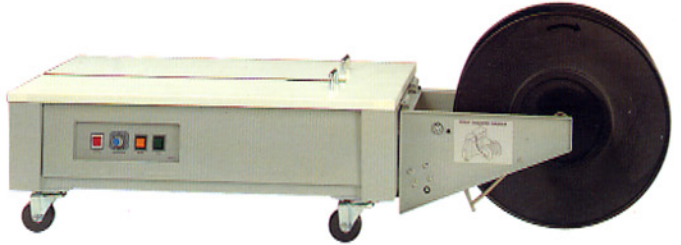

- Automatic motor power switch off function.
- Low table height 460mm.
- Especially suited to strapping heavy or bulky products.

SP-1SL

SEMI-AUTOMATIC STRAPPING MACHINE

- Extremely low table height 330mm.
- Especially suited to strapping heavy or bulky products.

SP-5

SEMI-AUTOMATIC STRAPPING MACHINE

- Excellent for strapping sea food products.
- Vertical type construction.
- Finished with enamel paint .
- Adjustable table height 420mm-900mm.

SP-5S

SEMI-AUTOMATIC STRAPPING MACHINE

- Excellent for strapping sea food products.
- Vertical type construction.
- Stainless steel construction .
- Adjustable table height 420mm-900mm.
