Sieve Shovel, Hygienic Fork and Rake

Providing a cost-effective alternative to stainless steel, here are the rugged yet lightweight tools for you. The fork and rake are ideal for moving and lifting applications, while the sieve shovel will make sifting and draining less of a chore. The fork and shovel feature elongated D-grip handles, and the rake can be used with any of our European-thread handles. From Vikan, hygienic and efficient cleaning.

### Sieve Shovel

Vikan Handles 2 3 4 5 6 (add last digit to denote color)
DESIGNED FOR ACCOUNTABILITY—COLOR CODING

- Minimizes the risk of cross-contamination
- Divides production into zones or tasks
- Allows for quick visual confirmation
- Brushes manufactured in Total Color—block and bristle are the same color
- Helps with HACCP compliance
- Prevents quality lapses before they happen

MANUFACTURED FOR DURABILITY—QUALITY TESTING

- Autoclave test. Brushware can be autoclaved at 250° F/121° C
- Individual filament strength is tested
- Filament tufts are tested at 60 Newtons of force
- Molded parts are tested for strength
- Chemical resistance testing is performed
- ISO 9001 Certified
- ISO 14001 Certified

VALUED FOR LONGEVITY—PROPER PRODUCT MAINTENANCE

- Remove all visible dirt
- Clean with a solution of pH 9 or above
- Rinse with clean water
- If lime residues form, remove with a solution of pH 5 or less
- Rinse with clean water
- If required, tools can be disinfected after washing
- Rinse with clean water to remove any disinfectant residue
- Note: brushware can be autoclaved at 250° F/121° C if required
- Hang and dry tools properly
Vikan Professional Cleaning Solutions

Vikan A/S is one of the premier manufacturers of hygienic cleaning tools in the world. Its commitment to quality and innovation has made it an industry leader. Vikan provides professional cleaning tools that fully integrate efficiency, ergonomics, design, and safety.

Proud Heritage

The Scandinavians are famous for excellence in design and innovation for everything from furniture to industrial products. Vikan A/S, with over 100 years of Danish brush making experience, has applied these skills to making Vikan cleaning tools.

Superior Design and Manufacture

Vikan has the perfect storm of corporate attributes. It combines superior Scandinavian design, know-how and market awareness that comes with being in business for over a century, together with a total commitment to state of the art manufacturing. The results are a worldwide reputation for providing products with unsurpassed quality and reliability.

Generous Product Selection

Vikan’s constant product development has resulted in a complete range of products that includes cleaning tools for every conceivable purpose. Color-coding is an integral part of the system: providing totally colored brushware in most cases, not just colored bristles.

- Diverse brush designs.
- Numerous styles and sizes of squeegees.
- A wide assortment of handles.

These, plus many other specialty products deliver a complete package.

Professional Certification

- A world class manufacturer with ISO 9001 quality certification.
- A responsible neighbor with ISO 14001 environmental certification.

Vikan brings it all together to provide you with the best.
