Bonar Plastics Polar® Boxes- “Setting the standard for Insulated Fishing Boxes”

Polar Insulated Fish Boxes are built to handle the roughest environments!

Our goal in launching the Polar® Insulated fish box product line was to leverage the technology we've developed over our many years of manufacturing insulated containers, so we could provide the fish industry with a better fish box value. The revolutionary **“Wall-Lock” Technology** provides superior structural integrity within the double wall construction of a fish box, resulting in a better performing and longer lasting product. **“Wall-Lock”** connects the inner and outer walls of the fish box to prevent the common industry problem of “delamination”, where the interior foam separates and breaks down over time, so now customers can feel confident that their catch is safely protected from ice melting prematurely.

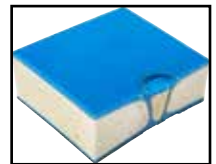

Bonar Plastics has over (30) plus years of experience in rotational molding and building Material Handling Products. Our plants are QMS Certified ISO 9001:2008, we work with many of the top (100) global companies providing solutions to their material handling needs.

We offer Microban®, (antimicrobial growth inhibitor) to our line of Polar® Insulated boxes as an option. Microban® protection is not a substitute for normal cleaning practices, but is designed to keep your products cleaner longer.

Standard Features include:

- New “Wall-Lock Technology” providing an unmatched strength and durability.
- Manufactured with FDA compliant resins for food contact.
- Boxes filled with 2 lb. PUR (Polyurethane) / (R-value 7 per inch).
- Sizes from (11) to (30) cubic feet.
- All boxes come with a standard 2” drain plug (unless otherwise noted).
- Boxes stackable with and without lids, (unless noted otherwise).
- No cracks or crevices to hide bacteria.
- All corners have radius for ease of cleaning and sanitizing.
- Boxes smooth and easy to clean.
- Typically holds ice from 3-7 days (Ask you local sales representative for assistance).

Polar Chest Style Insulated Boxes

PB660 / (21) Cube				
Capacity: (166) Gal / (631) liters / 1,400 lbs.				
Weight (lbs): Box (100) / Lid (31)				
Dimensions	External		Internal	
	cm	inches	cm	inches
Length:	107	49	117	46
Width:	104	41	97	38
Height:	77	30	62	24
Height w/Lid	83	33		

PB1000 / (35) Cube				
Capacity: (264) Gal / (1000) liters / 2,200 lbs.				
Weight (lbs): Box (175) / Lid (44)				
Dimensions	External		Internal	
	cm	inches	cm	inches
Length:	148	58	140	55
Width:	118	46	111	44
Height:	88	35	76	30
Height w/Lid	95	37		

PB1545 / (24) Cube				
Capacity: (179) Gal / (679) liters / 1,500 lbs.				
Weight (lbs): Box (118) lbs. / Lid (38)				
Dimensions	External		Internal	
	cm	inches	cm	inches
