

DACO RETURN POLICY

Prior to returning any product an RGA (Returned Goods Authorization) must be requested. Returns must be in like-new condition to receive full credit. Restocking charges may apply. In most instances the return freight shall be the responsibility of the customer.

Returns are accepted if Daco is notified within 10 business days from receipt of goods as outlined in the *Terms and Conditions* on the reverse side of our invoice as well as on our web site. Product must be shipped back within 5 working days after receiving an RGA number. Products shipped directly from the manufacturer are subject to the manufacturer's terms and conditions on returns, which includes their policy on restocking fees. Custom orders are not returnable.

DACO will honor a customer's request to return product as often as possible.
