- Easy to use control panel.
- Mechanical brake film stretch.
- Precise phase stopping at cycle end.
- Front and rear fork life pick up points.
- Soft start and stop.
- Folding mast column for easy installation and shipment.
- 1 year parts warranty.
- Optional entry / exit ramp available for loading by pallet jack.

FM Spool Film Carriage

- Features mechanical brake.
- Manually adjustable mechanical friction.
- On return roller is maually adjustable from carriage.

Easy to Program Control Panel

Adjustable Parameters:

- Top and Bottom pallet wrapping rounds from 0-10.
- Rotation speed from 3 to 12 rpm.
- Spool carriage speed.
- · Photocell sensing for load height.
- Top sheet cycle.

Selectable Cycles:

- Double cycle (upward and downward).
- Single cycle (only upward or only downward).
- · Wrapping cycle with fixed point reinforcement.
- Wrapping cycle with manual control and overide.
