

WORKHORSE™

WH PREMIUM PALLET JACK

Capacity	5500 lbs.
Fork Length	48"
Overall fork widths	27"
Lowered fork height	2.9"
Raised fork height	7.8"
Fork width	6.25"
Weight	160 lbs.
Turning radius	53"
Steer Wheels	7" Polyurethane
Load rollers	2.9" Polyurethane

- One-piece, formed channel steel, heavy duty frame provides lightweight strength and durability.
- Quality German hydraulic pump features lowering valve which allows for a controlled rate of descent and overload valve to avoid overloading and adjustable pump cap that ensures a long service life.
- Powder coated finished.
- Three function, ergonomically designed, spring-a-matic control handle that is free of pinch points (raise/neutral/lower).
- 90 degree top to bottom stroke, requiring only 10 full pump strokes to raise forks to maximum lift height.
- Copping supporting NOG and strengthening ribbing under triangle to prevent pin snipping problems.
- 210 degree pivot action for easy maneuverability.
- Reinforced forks with tapered ends provide easy pallet entry.
- Polyurethane wheels and rollers allow for easy rolling.
- Pallet truck features robotic welds throughout and grease fittings on all movable parts for easy maintenance.
