- 100% stainless steel pump, handle, frame and components.
- Stainless steel, one-piece, steel formed channel steel, heavy duty frame offers lightweight strength.
- Stainless steel hydraulic pump with special lowering valve allows for a controlled rate of descent.
- Stainless steel, ergonomically designed, cushioned, spring-a-matic handle with three position (raise/neutral/lower) control handle. Free of pinch points.
- 210 degree pivot action for easy maneuverability.
- Pallet truck features reinforced forks with tapered ends allow for easy pallet entry.
- Nylon wheels and rollers for easy rolling.
- Robotic welds throughout.
- Grease fittings and bushing at all major pivot and contact points for easy maintenance.
- (4) exit rollers to help ease the truck out of a pallet and prevent "pulling" the pallet upon exit.
