

CPP 330

48 x 40

Nestable plastic pallet in industrial size

Technical Data

Dimensions* ¹	48.0 x 40.0 x 5.5 in	1219 x 1016 x 140 mm
Weight* ¹	ACM 22.0 lbs PE 20.5 lbs	ACM 10.0 kg PE 9.5 kg
Load capacities* ²		
Static	8800 lbs	4000 kg
Dynamic	1700 - 3100 lbs	750 - 1400 kg
Racking	—	—
Bottom support	9 feet	
Entry	4-way	
Safety rim	0.2 in optional	5 mm optional
Nesting height	1.9 in	48 mm

*¹ The pallet dimensions and weight are variable. *² Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *³ Minimum quantity required. - We reserve the right to change any of the stated information without prior notice.

Options

Material	Color
ACM, recycled material	black
PE, recycled material	black
PE, virgin material	grey

Individual marking*³
 Custom-made color (only virgin material)*³

Closed top deck - see CPP 330c
 3 snap-on bottom skids - see CPP 333
 Snap-on perimeter-base - see CPP 335
 Snap-on cruciform perimeter-base - see CPP 336

Features

- > Cost effective
- > Light weight and low height
- > Easy and save to handle
- > Reduces freight costs by volume: 36 pallets = 6 feet height
- > Resistant to insects, bacteria and fungi
- > Conforms to ISPM 15 regulation
- > Environmentally friendly product of 100% recycled plastic, completely recyclable

Nestable CPP plastic pallets require less floor space when transported or stored in a warehouse.

CPP Plastic Pallets

Export pallets

Our Send & Forget™ export pallets enable us to offer a solution to export-oriented companies which is both economically efficient and environmentally friendly. Increasingly integrated international commodity flows call for plastic pallets which provide a high added value to customers while meeting high environmental standards more than ever before.

Our export pallets are made using a spe-

cific recycled ACM material. They are characterized by their lightweight design and by their particularly advantageous price. Obviously, nobody would want to invest a high amount of money in load carriers especially when exporting goods.

Logistic pallets

Our logistic pallets are sturdy long-life storage aids which have stood the test in high-bay warehouses, automated convey-

ing and storage systems and in the entire field of distribution logistics. Achieving a high number of cycles is the key to cost efficiency in this area.

Depending on the needs of every application, CABKA logistics pallets are manufactured using either type-specific PE recycled material or virgin material. In most cases, our recycled plastic material will provide an alternative which is both economically efficient and environmentally sound.
