

the **perfect** fit

www.cubicdesigns.com/spg

Designed to **protect.**

The Cubic Designs Safety Products Group helps protect your equipment and your employees from costly in-plant accidents caused by lift trucks and other vehicles.

Our products are professionally engineered to provide maximum protection for machinery, building walls, shelving, conveyors, racks, finished product, raw material supplies, loading docks and more. Every Cubic Designs safety product is manufactured with our durable powder coat paint finish.

Why choose the Cubic Designs Safety Products Group?

- Wide variety of stock and engineered safety products
- Trusted name
- Responsive service
- Quick delivery

Cubic's safety rail, rack guards, track guards, bollards and aisle guards typically ship within 48 hours after an order is placed. All hardware and anchors are included. Let Cubic SPG provide you with the total plant protection you need.

AISLE GUARDS

RACK GUARDS

Custom designed to meet your needs.

Cubic's **Engineered Safety Products** include code-approved stairs, pallet loading gates, patented handrail systems and vertical access ladders. These products are designed under the supervision of professional engineers to assure you will get a product designed to meet your specific needs – and will meet or exceed all code and safety requirements. Contact us for specific lead times.

The perfect finish.

All Cubic SPG components come standard with a durable yellow powder coat finish. Custom colors and paint finishes available upon request.

Please note: (1) The color samples shown here are approximate and for reference only. (2) Custom colors and finishes may affect price and lead time.

Support at every level.

Cubic Designs Inc. manufactures safe, strong, proven mezzanine systems designed to help you maximize footprint and increase productivity. Over 25 years, we've manufactured more than 7,500 mezzanines.

Our in-house team of professional engineers and customer support staff has built thousands of quality, custom, steel mezzanines for clients around the country. We give you the close, personal attention you deserve throughout the design, build and install of your mezzanine system.
