

RETAIL DISPLAY KIOSK

Durable • Easy to Clean • Portable - Requires no Mechanical Refrigeration

54" Overall Height

Create Exciting Display Opportunities in Your Supermarket!

Each Retail Display Kiosk is manufactured with FDA approved materials. These durable, portable, easy to clean kiosks will last through many years of use.

Kiosks require no mechanical refrigeration, so they can be placed anywhere.

Base available in three colors:

Red Blue Dark Green

Every kiosk comes with our no-leak plug that ensures a tight fit. Nylon wear foot pads help protect floors. Boxes are stackable 3-high (without sneeze guard and/or lid) saving valuable floor space.

Item Description	Weight	Outside Dimensions
IB2100 Kiosk base	112 lbs.	40" x 48" x 28"
Ice Tray	35 lbs.	40.5" x 48.5" x 6"
Acrylic Sneeze Guard	40 lbs.	31" x 11" x 46"
Acrylic Cover/Lid	20 lbs.	38" x 3" x 47"

The base units are double wall constructed using quality polyethylene and thick polyurethane foam insulation.

The ice tray is just as durable and is designed specifically for the kiosk.

The optional two-piece sneeze guard is manufactured from high quality acrylic.

Creatively display fish or seafood using the kiosk and the optional sneeze guard. The sneeze guard covers merchandise while allowing employees easy access from the back of the display.

Or, allow customers to choose items like fruits, vegetables or beverages directly from an open display.
