

LADDERS & CAGES

SAFE. STRONG. PROVEN.

Cubic Ladders & Cages are designed to be used anywhere that safe vertical climbing and landing access are required.

Ideal access for mezzanines, loading docks, equipment, rooftops, conveyors and crossover systems.

- Designed to meet all OSHA requirements.
- Optional safety cages available when requested. NOTE: OSHA requires cages for heights over 20 feet.
- Ladders can be shipped as sub-assemblies for ease of handling and freight savings.
- Cubic Designs also offers Ships Ladders which are designed for a more comfortable incline (60° slope). NOTE: Ships Ladders do not meet typical building egress requirements.
- Professionally engineered Cubic Ladders and Cages are always removable, allowing you quick and easy access.
- Ladders and Cages come standard with yellow, durable powder coat finish. Custom colors and paint finishes available upon request. Please note: Custom color and finish may affect price and lead time.
- Tough, durable, easy to install and shipped with everything you need to assemble makes Cubic Ladders and Cages the only choice to solve your space needs.
