

# ALUMINUM DOCK PLATES

- High traction, safety tread plate surface gives positive traction for equipment and safe footing for personnel.
- Bolt-on legs/handles allow for quick field repair and ease of moving/lifting - Easily reversed for refrigerated trucks.
- Beveled edges provide smooth entry and exit.
- Engineered bend keeps the edges of the dock plate flush with both dock and truck.
- Safety yellow edges for low light visibility
- Standard with 2 hand slots, bolt on handles are available upon request at an extra charge (add -H to the part number)
- Two year warranty

## How to choose a Dock Plate:

### Non-Motorized Use Only

**Step 1:** Determine Width - add 12" to the widest load that will go over the plate

**Step 2:** Determine Capacity - weight of pallet jack + maximum weight of items carried + operator weight  
**If the maximum load is within 50 lbs of the stated capacity, select the next highest capacity**

**Step 3:** Determine Length - required length is determined by height difference between dock and truck floor, use the table below

Length Calculation Table																		
Maximum Height Difference	1"	2"	3"	4"	5"	5.5"	6"	7"	8"	8.5"	9"	10"	11"	12"	13"	14"	15"	16"
Minimum Length Required for Standard 11° Slope				30"	36"		42"	48"		54"		60"	66"	72"	79"	84"	90"	96"

### A Note About Capacities:

All B&P dock plates are rated at actual capacities, per Aluminum Industry Association standards.

Some other companies rate capacities with a formula that considers the fact that only two wheels of the four wheel vehicle will be on the plate at one time. This can artificially overstate the capacities of the plates, creating a potentially dangerous situation. We state our capacities as actual, giving you an extra margin of safety.

To substitute handles instead of hand slots on your dock plate add "-H" to your part number (there will be an increased cost)

We manufacture the highest quality delivery products, guaranteed! We're so confident, we offer a no obligation demo program. Order our products and try them risk free, for 30 days. If you don't agree that they are simply the best products available, we will take them back! Contact your local distributor to arrange a demo today.
