# How to insert a liner in the Citadel

Below are instructions for proper insertion of a CDF form-fit liner into a Citadel bin.

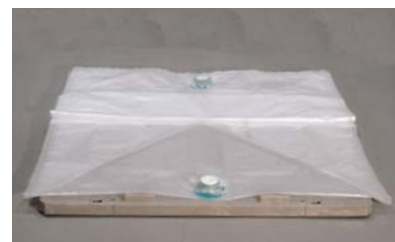

**Remove liner from box and place on table.**

Note: Can also use Citadel tote lid

**Unfold liner.**

**Open liner, keep dispense fitment towards you.**

**Remove bubble wrap from fill and dispense.**

**Place liner in container with dispense fitment end in first.**

**Lock dispense fitment into slide gate.**

**Attach fill fitment to fill bridge.**

**Tote is ready to fill.**
