APPLICATIONS GUIDE

DACO

(877) 247-3834 - dacocorp.com

THE ORIGINAL

ACCEPT NO SUBSTITUTES

You may not need Freezer Trucks to store and distribute ice cream and other sub-zero temperature items

WAREHOUSE STORAGE

Polar Insulated Containers can be used for picking up orders and handling of products for shipment to stores as well as dry ice storage.

DISTRIBUTION

Polar Chest or Upright Style Containers can be used to transport frozen and perishable goods such as:

- Ice Cream
- Frozen Food
- Meats/Seafood
- Bakery
- Produce

WHEN DO POLAR INSULATED CONTAINERS MAKE SENSE?

When...

- ...ice cream or frozen items makes up less than 25% of total shipment
- ...multiple temperature zones are needed for a shipment
- ...ice cream is a critical part and most costly product to transport
- ...cross-docking is an important aspect of your operation

EXPERIENCE THE 'POLAR' DIFFERENCE

DRY ICE

An excellent portable refrigerant to be used in conjunction with the Polar insulated containers.
