

CPP 103

48 x 40

Nestable, extremely light weight plastic pallet with 3 snap-on skids

Technical Data

Dimensions* ¹	48.0 x 40.0 x 5.6 in	1219 x 1016 x 142 mm
Weight* ¹	ACM 17.0 lbs PE 15.5 lbs	ACM 7.7 kg PE 7.0 kg
Load capacities* ²		
Static	6600 lbs	3000 kg
Dynamic	2800 lbs	1250 kg
Racking	—	—
Bottom support	3 snap-on bottom skids	
Entry	4-way	
Safety rim	0.2 in	5 mm
Nesting height	without skids 1.2 in	31 mm

*¹ The pallet dimensions and weight are variable. *² Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *³ Minimum quantity required. - We reserve the right to change any of the stated information without prior notice.

Options

Material	Color
ACM, recycled material	black
PE, recycled material	black

Individual marking*³
Custom-made color (only virgin material)*³

Design without skids – see CPP 100

Features

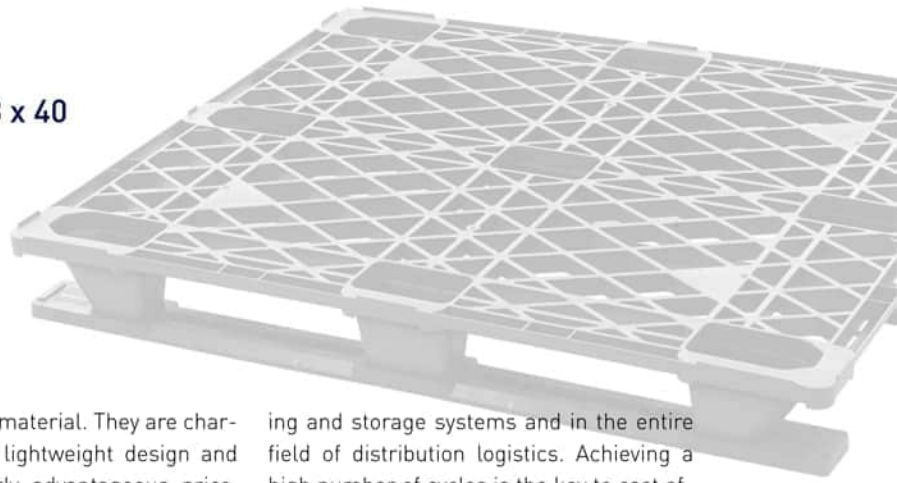

- > Cost effective
- > Very light weight and low height
- > Easy and safe to handle
- > Excellently suited for air cargo
- > Reduced freight charge by self assembly of snap-on bottom skids, volume saving up to 75%
- > Maintenance-free
- > Resistant to insects, bacteria and fungi
- > Environmentally friendly product: 100% recycled plastic version available, completely recyclable

Snap-on bottom skids enable block stacking and application in automated conveyor systems.

CPP Plastic Pallets

Export pallets

Our Send & Forget™ export pallets enable us to offer a solution to export-oriented companies which is both economically efficient and environmentally friendly. Increasingly integrated international commodity flows call for plastic pallets which provide a high added value to customers while meeting high environmental standards more than ever before.

Our export pallets are made using a spe-

cific recycled ACM material. They are characterized by their lightweight design and by their particularly advantageous price. Obviously, nobody would want to invest a high amount of money in load carriers especially when exporting goods.

Logistic pallets

Our logistic pallets are sturdy long-life storage aids which have stood the test in high-bay warehouses, automated convey-

ing and storage systems and in the entire field of distribution logistics. Achieving a high number of cycles is the key to cost efficiency in this area.

Depending on the needs of every application, CABKA logistics pallets are manufactured using either type-specific PE recycled material or virgin material. In most cases, our recycled plastic material will provide an alternative which is both economically efficient and environmentally sound.
