

BAKERY TRAYS & DOLLY

The proven balance of strength and versatility

Buckhorn invented the plastic bakery tray and is still today's source for a range of sizes and styles to guarantee compatibility with your operation. Buckhorn reusable bakery trays reduce transportation costs, improve product protection and increase productivity in bakery manufacturing, packaging and distribution.

Buckhorn's plastic dolly is compatible with Stack & Nest MultiTrays. It has four, 3" swivel casters and a 1" lip to keep loads securely stacked. Its durable construction handles loads up to 500 lbs. Our powder-coated, welded-steel dollies are all equipped with four, 5" swivel casters and are available in multiple footprints to fit your specific tray styles.

Delivering Value Beyond the Box

- Tongue-and-groove design for positive, secure tray stacking
- Low walls for easy product access
- Open-grid bottom and open sides allow maximum air flow for product ventilation
- Stack and nest within footprints to eliminate wasted space and reduce backhaul space
- Combine with plastic or steel dollies for easy transport
- Freezer-safe
- Customization and identification options available
- Backed by a one-year limited warranty
- 100% recyclable HDPE, will not corrode or splinter
